Chris Jensen reported that wood burning residential hydronic heaters are now required to be certified by the EPA. A motion was made by Chris Jensen to accept the changes for Section 905.1. The motion was seconded by Terry Palmer and passed unanimously.

#### START THE REVIEW OF

The committee reviewed all of the major changes from

## THE 2021 IFGC

the 2018 to the 2021 International Fuel Gas Code. Following the review, a motion was made by Roger Hamlet to make a recommendation to accept all of the changes to 2021 IFGC. The motion was seconded by Terry Palmer and passed unanimously.

The Committee reviewed the six current amendments to the IFGC. During the review of the amendment for Section 631.2, Roger Hamlet pointed out that there has been a change with the Division of Boiler, Elevator and Coal Mine Safety. He will report back at the next meeting. Following the review and discussion, a motion was made by Roger Hamlet to make a recommendation to keep the amendments for Sections 404.9, 409.5.3, 502.1, 503.4.1 and 503.6.11.1 as written and to table the decision for the amendment for Section 631.2. The motion was seconded by Chris Jensen and passed unanimously.

Kevin Emerson reported that Utah Clean Energy is working on compiling a spread sheet on the changes from the 2015 to the 2021 residential energy portion. They are willing to share their findings with this committee to help with the review.

The committee agreed not to hold a meeting in July. At the August meeting, they will start with the mechanical and fuel gas portion of the IRC and then start on the energy portion.

Roger Hamlet was thanked for all of his service on this committee.

The meeting adjourned at 5:01.
